

Environment Policy - Star Delta

Star Delta is committed to leading the industry in minimising the impact of its activities on the environment.

Our Environmental Management System (EMS) is based on the requirements of ISO 14001: 2015

Objectives are:

- set and review environmental objectives and targets based on the nature, scale and environmental impacts of our activities, products and services.
- commit to comply with environmental legislations and other environmental requirements.
- ensure continual improvement, prevention of pollution and the conservation of resources.
- communicate this policy to all persons working for or on behalf of the company.
- make this policy available to the public

We manage our processes, materials and people in a way that will reduce the environmental impact of our business activities.

Rohan Borrell

Chief Executive Officer
